TECHNICAL DATA SHEET

SHIELD LUBRICANTS 4 STROKE SAE 30

Product Code: SC4S- Revision: 15 Dec 2020

Product Description

SAE Engine Oils are a range of high quality monograde engine oils manufactured from solvent refined paraffinic base oils blended with high quality anti-wear, anti-oxidant & corrosion inhibitors.

Benefits

- Superior anti-wear and anti-oxidation properties.

Applications

Low detergent/dispersant lubricants suitable for older engines where modern additive packs could have a detrimental effect on engine components.

SAE oils are ideal for lightly loaded canal boats, old generators. Also, can be used as gear oil in classic automotive and motorcycle gearboxes.
